

Overview:

T/SFF | Teslaflex® Printable Polypropylene Ferrous film 260mic

Our printable polypropylene ferrous film is designed to be a cost-effective solution for quick-change graphics. When used as a two-part system with our powerful Teslabase magnetic base product, this lightweight film can be installed with ease by almost anyone. Thanks to the glue-free magnetic adhesion, it can be removed and reused time and time again, making it great for POS and retail projects where speed and efficiency is key.

- Quick and easy to install
- Works with our magnetic base product Teslabase
- Prints vivid and beautiful graphics
- Can be removed and re-applied over and over
- Can be used in multiple-layers due to the high-strength magnetic grab of Teslabase
- PVC and halogen-free design
- Available as 1270mm 5 or 50m rolls and 1524mm 50m rolls

Applications:

Choose T/SFF if you are looking for magnetic media with a ferrous film that has been optimised for solvent and Latex inks. This product works as a two-part system and coupled with the magnetic receptive Teslabase, creates an innovative and efficient solution for cost-effective, quick-change graphics for branding, advertising and marketing.

Compatibility:

This product has been tested for use with the following ink technologies;

Latex
Eco-Solvent
Solvent
UV-Curable

Please test with UV before using. We recommend extra care when testing with HP Latex 630, 700 and 800 models.

Usage and durability:

Designed to work at temperatures of 15-30c, and 30-60% RH

Not recommended for cold areas

Specifications:

Substrate weight	320 gsm
Substrate thickness	260 mic
Construction	White matt polypropylene and FF steel film
Lifting weight	>3.5g/cm2
Whiteness	85,95
Gloss 60 degrees	3, 8
Opacity	100%
Water-resistance	Medium to high

Availability:

Our products come in many shapes & sizes, however, as market requirements change, so do the range of sizes we produce and hold in stock. The following reflects the main product dimensions we supply this product in as at the time this data sheet was created. If the size you need isn't listed, please speak to us to see if it can be made especially for you.
