

# Formulate Vertical Curve Fabric Display

The formulate vertical curve display is like no other exhibition unit on the market. Where normal exhibition units curve horizontally, the vertical curve has a striking design that stands out against other units. To assemble, the user slides a 1 piece graphic over the entire frame to produce a stunning full colour back wall.

## Key Points

- ◊ Comes printed double sided as standard with option of having different graphic on either side.
- ◊ Full colour dye sublimation printed on 245gsm stretch fabric.
- ◊ Made from lightweight aluminium tubing which packs away into a fabric carry bag for easy transportation between events.
- ◊ Lights can be added as an optional extra.
- ◊ Lead time of 3 - 5 working days.
- ◊ 5 year warranty on hardware only.
