

Christmas Standee

Christmas standees are a great way to decorate the festive area of a shop, brighten up an event or provide photo opportunities at a Christmas party. They can be printed and cut to custom sizes / shapes to match either a brand or a party theme. 5mm and 10mm foamex are ideal for creating standees because they are heavy enough to ensure they don't bow when up at full height, but not too heavy to handle. Each Christmas standee comes with a fold out backstrut fixed onto the reverse so they can be assembled and visible within minutes. There are a 2 options with printing: UV direct to board and laminated vinyl mounted board. UV direct to board is a more economical method of printing as the ink goes straight onto the sheet of foamex, whereas mounting involves printing a vinyl, laminating and mounting that to the board before cutting. The mounted option provides a higher quality print with the option of different laminates.

3 - 5 Working Days
Lead Time

UV or Latex
Printed

Available in
Multiple Sizes

5mm or 10mm
Foamex
